The Skating Academy at ICE STATION VALENCIA

Private Lesson Request Form

In addition to group classes and practice sessions, private lessons are available at Ice Station from a variety of qualified instructors. Private lessons provide instruction on an individual basis. Skaters of all ages and levels benefit from private lessons.

Our instructors are independent contractors who use Ice Station Valencia to teach private lessons. The instructors set their own rates and schedules. You may approach an instructor to inquire about private lessons or you may complete this form and return it to the front desk. Place an "X" next to the name of the instructor you would like to request in the chart below. If you prefer, you may check "No Preference" and the Skating Academy Director will pass your information onto an instructor who will best suit your needs.
